

DebUtsav Delhi 2019

Celebrating Free and Open Source Software

<https://www.debutsav.in/>

Dear Sir/Madam,

DebConf is the annual Debian conference which is held in a different country every year. DebConf19 will be held in Curitiba, Brazil, from July 21th to 28th, 2019.

MiniDebConfs are local meetings organized by Debian project members to achieve similar objectives to those of the DebConf, but on a regional context. When majority of talks are not Debian specific, it is called DebUtsav - celebration of Free Software by Debian community.

The event will include two separate tracks, one dedicated to Debian and another one to general Free Software topics. Talks and workshops will be over a wide variety of topics, covering all level of audience from novice to expert. The main aim of the event is to generate enough awareness about the necessity of FOSS in all sectors of the society ± industry, academia, research and others and to attract young students to wider FOSS community, which can be beneficial to both the students as well as other stakeholders of the above mentioned sectors.

The total budget outlay for the event is estimated at Rs. 70,000. We hope to raise this amount through sponsorships from esteemed organizations like yours. More information regarding the organizers, possible level of sponsorship and our offers to sponsors are described in the following page, for your persual.

May I, therefore, request your support in the form of sponsorship for this event?

Yours faithfully

Utkarsh Gupta & Shashank Kumar

Co-organizers
